

Community Connections Closing Exercise – Session 1

TITLE: My Dream Community

SUPPLIES NEEDED: Flip Chart to capture information

TO DO: With everyone having a turn, ask the participants to think of a business or service they would like to see in their “Dream Community”. Nothing is too far-fetched or out of line. As they are thinking of what they would like to say, ask them to also share what their “part” would be in making this dream a reality. Capture these “dreams” on a flip chart.

GOAL: To help everyone start thinking of projects for the future.
